Dear Mr. Herzog:

On April 25, 2007, I conducted a used oil compliance and evaluation inspection of your facility located in Clarkston, Georgia. This inspection was performed to determine the facility's compliance status with Georgia's Hazardous Waste Management Act (O.C.G.A. Code Section 12-8-60 et. seq.), and Georgia's Rules of Hazardous Waste Management ("Rules"), Chapter 391-3-11. It was determined that on this date no violations of the Rules were observed.

Enclosed is a copy of the Used Oil Management Inspection Report that was used during this inspection. If you have any questions or need assistance, please contact me at (404) 657-8831.

Thank you for your cooperation in protecting Georgia's environment.

Sincerely,

Shayla Williams
